

It is with immense pride and joy that I address you on the occasion of the 2nd Convocation of the National Institute of Design, Andhra Pradesh. This directory is a testament to your hard work, creativity, and dedication over the years. As you turn these pages, you'll find not just names and faces, but stories of perseverance, innovation, and growth. As young designers step into the professional world, you carry with you the spirit of NID AP. You have been molded in an environment that champions the power of design to solve real-world problems and transform society. The knowledge and skills you have acquired here are your tools, but your creativity and passion are your greatest assets. The journey ahead will undoubtedly present challenges, but it will also be filled with opportunities. Embrace every moment with an open mind and a fearless heart. Remember that the world is ever-changing, and as designers, you can shape that change. Whether you find yourselves in studios, corporations, start-ups, or as independent practitioners, let your work be driven by empathy, integrity, and excellence. You are not just graduates; you are trailblazers, innovators, and future leaders. The future belongs to those who believe in their dreams and dare to pursue them. May you always find inspiration in the world around you and continue to inspire others with your designs.
